FOREWORD

The decade that has just terminated was filled with an abundance of phenomenal successes and tragedies. As we commence a new decade, it is highly impossible to avoid looking back in retrospect with awe.

In the sixties, the United States made a swift transition from the jet age to the space age. These past ten years have presented us with four acting Chiefs-of-State. Many have had to swallow their pride as a result of three major assassinations. Many have projected their pride as the renaissance of black awareness took hold and grew. The enlargement of the Southeast Asian crisis and campus revolts were among the many historical events emerging from the sixties.

It follows, then, that the achievements and accomplishments of the past were wrought by parents and that the tragedies and failures were mourned by parents. We, at Sumner, who must CHOOSE our course and ARRIVE in the seventies, are deeply grateful to our parents who have consistently contributed to each of us individually and to the entire Sumner family collectively.

GREETINGS!

We, in September 1969, began our 95th year of continuous service to the citizens of St. Louis. It was at a meeting of the Board of Education of the City of Saint Louis held on September 14, 1875 that a "high school for colored children" was established. Also, September, 1969 began our 60th year of location in and service to the residents of our "Elleardsville" community. Full operation of the new high school building at this Cottage Avenue address began in September, 1910 with fewer than 500 students in "one of the most modern high school buildings" in America.

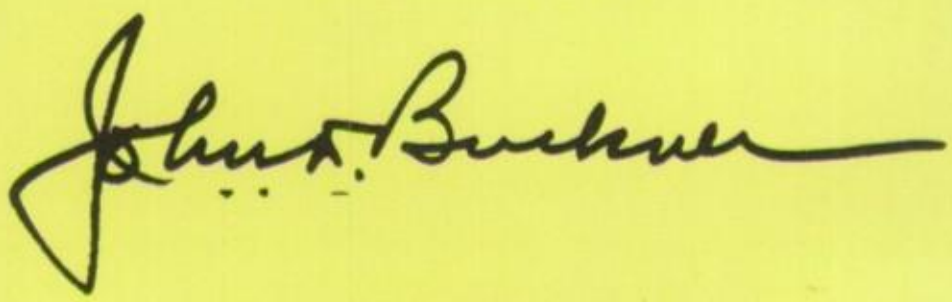
School year 1969-1970 ushered in a new administrative team at the helm. Mr. Elliott as Assistant Principal for Administrative Services, Mr. Nimmo as Assistant Principal for Instructional Services, and Mr. Washington as Assistant Principal for Pupil Services (Guidance-Discipline) join the 12 former Assistant Principals of the Sumner High School. The administrative team of 7 men coordinate efforts for effective services to 111 staff members and a record peak pupil enrollment in excess of 2700 pupils including more than a thousand new students.

This 56th annual "MAROON AND WHITE" yearbook is dedicated to parents. The yearbook staff, under the leadership of Mr. Haynes, and the class of 1970 express their recognition of the efforts of all parents which combine to nurture them and to bring them to the point of high school graduation.

In a larger sense, the parents and citizens of the total community are to be recognized for the expanding role and maximum feasible participation in the leadership of the community's efforts to meet its own real needs. The signs of the times cry for decentralization--reorganization--local control--local determination and local responsibility. The Sumner High School is proud of the continuing leadership roles through which its parents, patrons and parent organizations exercise significant evidence of community awareness and readiness to tackle its problems.

The Class of 1970 can join the ranks of the graduates from the Charles Sumner High School and their own parents in the community with excellent samples to follow as they seek to become responsible citizens and contributors to community betterment efforts in the years to come.

Very sincerely yours,



OUR PRINCIPAL

DEDICATION TO

As we look upon a new decade, along with reminiscences of days gone by, there are also prospects of the future. In its 95th year, the Charles Sumner High School is keeping up with the times and striving to stand out as an educational institution. Political, social, and economic changes are evident in our day to day experiences. With the frequency of changes that affect the area or the nation, we try to stay abreast. As a result, a parallel condition between the people of a nation and the students of a school rises.

The times of trial and error are most abundant in the life of high school student, and there is a need for guidance. As four years come to an end for the graduating senior the "long haul" has only just begun. Are we prepared to face this challenge that the world offers? A confrontation much more influential, than an hour a day with an instructor, or a series of fifteen minute talks with a counselor, helps us to answer that. Though we may take these experiences, which have been with each of us from birth for granted, they are simple factors which leave more permanent marks and the most noticeable ones.

Where annutities are concerned, a few words of gratitude here and there are always welcomed. However, no matter how flattering, a few words cannot begin to amply repay these rewarding experiences. If action speaks louder than words, this fifty sixth edition of the Maroon and White is but an inadequate attempt to illustrate our appreciation of you--the parents of the Sumner High School.

As the parents of the future, it should mean especially much for us, the class of seventy, to give special recognition to our parents. The members of the graduating class of June, 1970 gratefully acknowledge the parents of the Sumner High School.

PARENT-TEACHER ASSOCIATION

Sumner parents and teachers have worked cooperatively through the years. The Parent-Teacher Association has been active in planning meetings for mutual discussion of problems and suggestions for the best development of students since its organization in 1927. Some years ago the P.T.A. established a Scholarship Loan Fund for the benefit of Sumnerites graduates in their junior and senior year in college. More recently the P.T.A. sponsored a scholarship to be awarded a student in each graduating class. The P.T.A. plans many and varied programs in an attempt to present, study and solve problems affecting the children of the Sumner. The Sumner P.T.A. meets monthly.

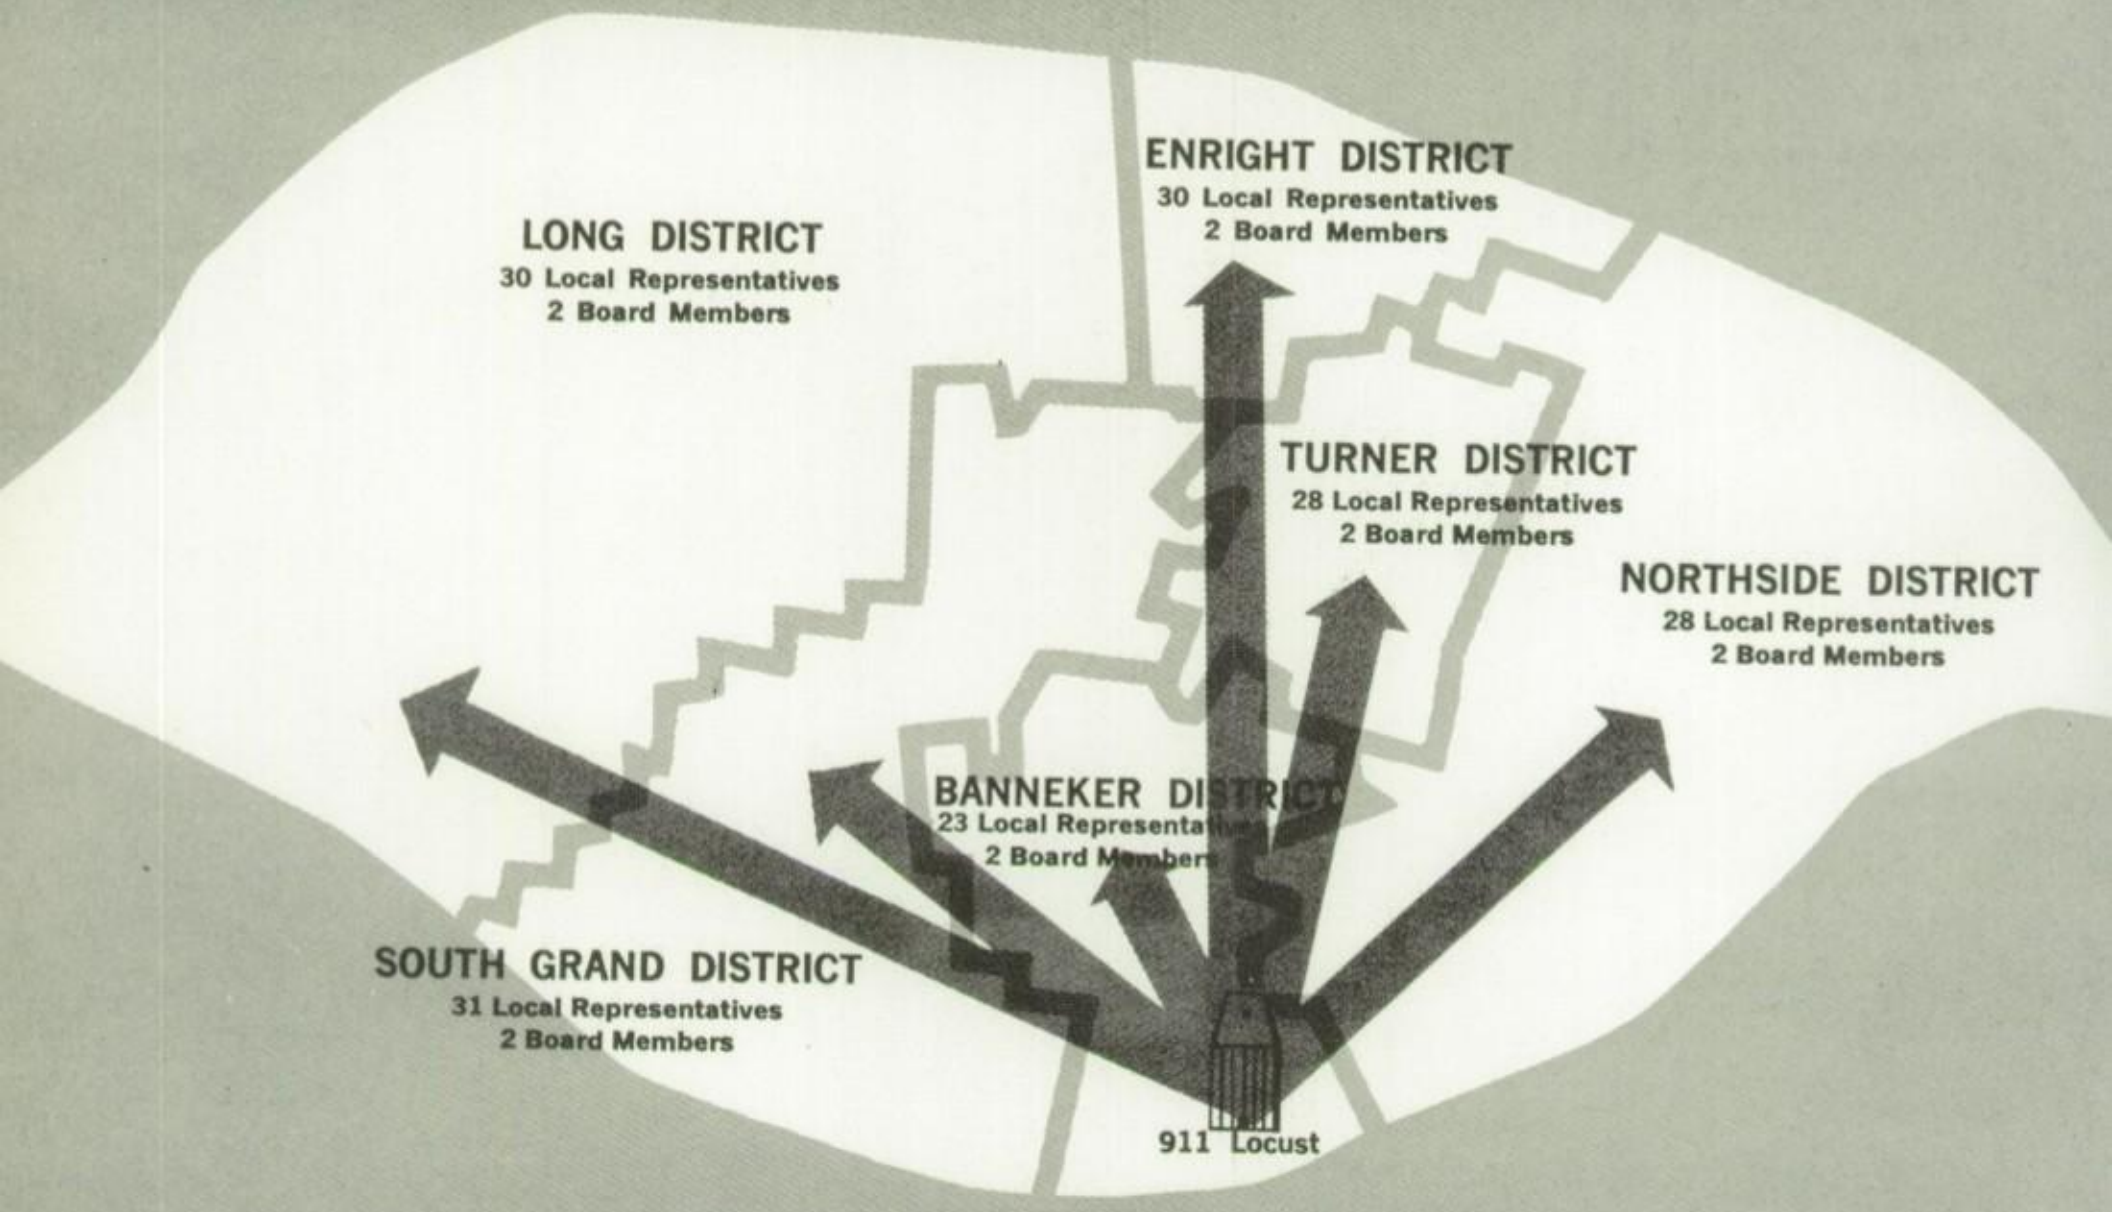
B. REORGANIZED THE PARENT CONGRESSES OF THE SIX DISTRICTS AND ESTABLISHED DIRECT LINES OF COMMUNICATION BETWEEN THE BOARD OF EDUCATION AND THE CONGRESSES.



Parents of each elementary and secondary school in a district choose their own Parent Congress representative to represent the school at meetings of the district congress, with the district superintendent, the district principals, and two members of the Board of Education. Meetings are held in the evenings in the local district. Two members of the twelve-member central Board of Education are appointed to meet with each Congress in order to provide direct communication between the parents of the local district and the central Board of Education.

The meetings provide any resident or organization representative in the district opportunity to voice his criticisms and suggestions about the conduct of school affairs. Central School Board members promptly report matters that require central administrative attention, and report to the entire Board of Education at the regular monthly meeting of that body.

A SONG OF FAITH

Have faith, black father!
Be strong, black mother!
Your children shall venerate you.
The indignities you have suffered will be avenged;
The barriers facing your children shall be removed;
You shall see your offspring lifted to the pinnacle of prosperity;
But patience is a necessity,
And understanding is a must.
You should understand the uncertainty of being black;
You should be patient with the attempts to change.
Your children will be exploited;
Your children will not be intimidated;
Your children will no longer seek to meet the standards;
They shall exceed them;
All is in our hands now.
Be strong, black mother!
Have faith, black father!

Teoffice E. Cooper

ODE TO OUR BLACK FATHERS

Tho' our feet may trod this fertile soil
So rich with planted seed,
Our fathers hands were bound to toil
For another mortal's need.

Their wearying backs were morbid tinged
In fervant sunny fields;
All thoughts and dreams were humbly bent
On southern earth to till.

When doleful evenings calmly peered,
Some prayed while others wept.
As flicking skies of light shed near
The souls where hope was kept.

What strangers voice can thus be heard?
Has mercy's cries been hushed?
How long shall Satan's whip be lashed
Before we're free at last?
Or has the answer passed?

Or has the murdered blood been crushed,
As it's swallowed from the earth?

It came one day
When I yet born
Could not sigh from my mother's womb;
And a vow was born
From a paper now torn
Though the dark must lose his doom;

Then mornings crept above gray clouds,
And a darkened shadow sounds;
A race of people free and proud,
For their answer has been found.

A PRAYER FOR OUR PARENTS

Our Father in Heaven,
Who made the sea
And the rolling mountain hills-
Who blessed us with thy gracious love,
How we long to kneel before thy name,
And thank thee more for the ones whom love us dearly.

In every hour of sadness or joy,
One look into their precious eyes-
No words of truth can be denied
We are our Parents children.

Accept our thanks
Oh, Lord, we pray,
For Your blessings of ones who mean so much
Cannot be expressed
With words alone.

Statement of

A PHILOSOPHY OF EDUCATION

for the

SUMNER HIGH SCHOOL

We Believe

That education is the process by which the individual unfolds as the result of all of his experiences;

That education is the means whereby a given social order strives to perpetuate, improve, and transmit its cultural heritage;

That the obligation of American education is the development of citizens who will function effectively and constructively in a democracy.

For the Sumner High School community, such a concept of education implies:

That the experiences of the school assist each individual in developing his potentialities to the maximum;

That the school provide opportunities for the development of originality, initiative, and logical thinking;

That the experiences of the Sumner High School stimulate a desire for democratic participation in cooperative living;

That the Sumner High School, in the development of its curriculum, discover and use those experiences which will serve most effectively its students and the community;

That the Sumner High School stress the wise use of leisure time;

That the school attempt to equip the individual with the fundamentals of learning, to enrich his cultural background, and to prepare him to pursue higher learning or to acquire vocational skills;

That the school operate with community agencies in meeting the needs of the pupils.

The CURRICULUM consists of all the experiences of the learner under the guidance of the school.

SUMNER CREED

I believe in the ideals of good citizenship, both in my school and in my community. I resolve to obey the laws of the school, to respect its traditions, to be respectful and obedient to my teachers, to be courteous and kind to my schoolmates, to do my work as thoroughly as I can, to be punctual in attendance, and clean in mind and body.

(Written by students under the supervision of Mrs. Ruby S. Scott in 1930)

SUMNER COLORS

Maroon and White

SCHOOL MOTTO

Truth — Industry — Loyalty

SUMNER ALMA MATER

(Words and Music by Wirt D. Walton—1933)

VERSE

Sons and daughters all are we
Of the school we love so dear
As a pledge of our loyalty
Let us give her a song and a cheer.

FIRST CHORUS

Here's to our dear Alma Mater,
School of all schools, we love thee.
Long may thy banner of loyalty
And might wave in the sky.
Whether o'er land or o'er water
The ideals you taught shall ever
Dwell in our minds and our thoughts of thee,
Live in our hearts—Sumner High!

Sumner High . . . . . .
(Oh Sumner High)
We love they colors Maroon and White,
Sumner High . . . . . .
(Oh Sumner High)
They stand for purity, truth and right,
Sumner High . . . . . ! Sumner High . . . . . !
(Sumner High) (Sumner High)
Sumner High . . . . . .
(Sumner High)

SECOND CHORUS

We love thy halls, Alma Mater,
Thy classrooms and stairways treasure,
Thy shrubs and flowers and every tree
Shall always revered be . . . .
Whether o'er land or o'er water
The ideals you taught shall ever
Dwell in our minds and our thoughts of thee,
Live in our hearts—Sumner High!

A TRIBUTE TO GILBERT P. TUNSTELL

GILBERT PARNELL TUNSTELL

Generations of Sumner students have grown to admire and appreciate the deep knowledge of economic history and the American free enterprise system that were enhanced by any contact in a course taught by Mr. Tunstell. This depth of understanding grew not only from his formal training at the University of Chicago, from which he received his Bachelor of Philosophy Degree in 1928 and his Master of Arts Degree in 1938, but also, from a background of experience in a family of business people.

Mr. Tunstell, a graduate of Sumner High School in 1919, returned to teach at the Sumner High School, being appointed December 11, 1928. He moved to Washington Technical High School in 1934 and later to Vashon High School for a short period before returning to Sumner in 1944. At Sumner, in addition to social studies, at one time he was instructor in printing at a time when Sumner had a complete printing shop in Room #101. It was his training in vocational and technical work that led him to the faculty at the Washington Technical High School.

Through the years he has served as a member of the Program Committee and as treasurer of the Sumner Student Activities Association.

Mr. and Mrs. Tunstell are the parents of a daughter, also a Sumner graduate. Mr. Tunstell's service with the Board of Education did not terminate with his retirement as of his birthday, January 1, 1970, because he chose to continue his service to Sumnerites in the classroom even beyond the retirement date.

Hundreds of Sumner graduates will become better citizens because of their counseling during classes under the leadership of Gilbert Parnell Tunstell.
